

Important Notice from MainVue Homes, LLC about Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with MainVue Homes, LLC and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. MainVue has determined that the prescription drug coverage offered by the MainVue Homes, LLC Employee Benefit Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join a Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens to Your Current Coverage If You Decide to Join a Medicare Drug Plan?

Plan Participants who also are eligible for Medicare have the following three options concerning prescription drug coverage:

- You may stay in the Plan and not enroll in the Medicare prescription drug coverage at this time. You will be able to enroll in the Medicare prescription drug coverage at a later date without penalty, either (1) during a Medicare prescription drug open enrollment period (October 15–December 7 of each year); or (2) if you lose Plan coverage. This is the best option for most Plan participants who are eligible for Medicare.
- You may stay in the Plan and also enroll in Medicare prescription drug coverage at this time. The Plan will pay prescription drug benefits as the primary payer in most instances. Medicare will pay benefits as a secondary payer, and thus the value of your Medicare prescription drug coverage will be greatly reduced. Your current coverage under the Plan pays for other health benefits as well as prescription drugs and will not change if you choose to enroll in Medicare prescription drug coverage. However, once you enroll in Medicare, you and MainVue will not be eligible to make any further contributions to your Health Savings Account. And under the

Plan coverage, you must meet the high deductible amounts before the Plan will pay for most prescription drugs.

- You may reject all coverage under the Plan and choose coverage under Medicare as your primary and only payer for all medical and prescription drug expenses. If you do so, you will not be able to receive coverage under the Plan, including prescription drug coverage, unless and until you are eligible to reenroll at the next enrollment period for which you are eligible, if any. Your current coverage pays for other types of health expenses, in addition to prescription drugs, and you will not be eligible to receive any of your current health and prescription drug benefits if you reject coverage under the Plan and choose to enroll in Medicare, including a Medicare prescription drug plan, as your primary and only payer.

When Will You Pay a Higher Premium (Penalty) to Join a Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with MainVue and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.
